

Coalition Performance Progress Report

Training – this is training provided to general audiences or allied professionals. It could be face to face, as a webinar or a conference call.

Capacity Building / Technical Assistance – this is checked if you provided programming/services to increase the capacity of individuals or organizations to address this specific topic.

Products – if you developed any products on this topic such as a brochure, manual, newsletter, training curriculum, training material, report, fact sheet, website, video, e-learning module or recorded webinar, check this box.

Public Awareness – if you conducted any awareness events around this topic, check this box. An awareness event might be rallies, speak outs, Take Back the Night, vigils, Clothesline Project, silent witness, information tables or media campaigns on radio, TV or newspaper.

Policy / Systems Advocacy – Policy/systems advocacy is any effort to influence public policy or systems by providing information, speaking to decision makers, demonstrating benefits for policy or systems change and other such activities that encourage the adoption of the desired policy or systems change.

Number of People Trained

This information is helpful for the FVPSA office to respond to queries. This column is to be completed only if Training is checked in the Types of Activities section. Estimate the number of people trained about the topic listed in the first column. The FVPSA office understands that you may not have this information to report. However, if it is available, report it here.

Short Response

Write a short narrative response (less than 50 words) on your efforts in this topic area. This can be a list, bullets or 2 sentences to give the FVPSA office a little bit more information. You may also cut and paste information from your longer narrative responses above in order to provide the snapshot intended for this section.

References

In this column you will supply information about where the FVPSA office can get more information or specificity on your work in this area. You will probably reference areas of your PPR Report, your application, an annual report, a website or something else. Please include specific directions as to how to find the information in the referenced document. For example, you may say, “see response to question 6 in the narrative section of this report. Additional information is on page 5 of our application.” If you are linking to a website, please provide the exact url to the page or the document. For example, to find out more about the coalition grant program, the url would be <http://www.acf.hhs.gov/programs/fysb/programs/family-violence-prevention-services/programs/state-dv>, not just www.acf.hhs.gov/fvpsa.

Other Topics

Check any of the boxes if your coalition provided training, TA or capacity building on the topic.

Coalition Performance Progress Report

Example

Statutorily-defined Program Areas and FYSB Priority Area	Level of Involvement				Types of Activities					Number of People Reached (Training only)	Short Response (Involved and Highly Involved only)	References	
	Not Involved	Low Involvement	Involved	Highly Involved	Training	Capacity Building /TA	Products	Public Awareness	Policy/ Systems Advocacy				
Anti- Oppression / Anti-Racism			X		X	X					130	We held an anti-racism 2 day conference in June. We have an anti-oppression workgroup which meets quarterly. We provided TA to 2 member programs when internal problems arose.	Link to materials from conference at www.url.com ; See page 6 of our workplan for more info on workgroup and TA provided.
Child custody and visitation		X										We sit on an advisory board for DSS that focused on incorporating domestic violence screening in the child welfare intake process.	Website for advisory board is at www.url.com ; See Goal 3 Obj 2 of our workplan that reports on the outcomes.

Training

Report the total number of participants trained.

This report is a compilation of all of the domestic violence programming/services provided by state and territorial domestic violence coalitions – whether or not the programming/service is provided with FVPSA funds. The FVPSA office understands that FVPSA dollars fund only a portion of the activities reported below which is appropriately indicated in any report out by the FVPSA office.

Report the number of training events for each type of listed trainings, regardless of topic.

Computer-based or e-learning module – This is different than a webinar. It is a stand-alone program housed on a website where users may access it on their own time. The count for this would be the number of times users completed the training.

Conferences sponsored by the coalition – These events are coordinated by the coalition.

Workshops/seminars/presentations – These events are ones hosted by other organizations where your coalition is asked to present. Count each time you present, even if it is to the same or a similar audience.

Teleconferences – This type of training uses the telephone only as a conference call.

Videoconferences – These events involve technology that brings participants together in separate locations where a camera is used to see each participant.

Webinars – This type of training uses a shared technology platform so content can be shared by the presenter to multiple users at different locations using their own computers.

Coalition Performance Progress Report

Coalition PPR

FVPSA Funds

Dual Coalition yes no

Total Coalition budget _____

Total FVPSA coalition grant amount _____

Amount of pass through dollars _____

Auto calculate % of budget funded by FVPSA _____ [Total FVPSA coalition grant amount / (Total Coalition Budget—Pass Through Dollars)]

Does your coalition receive additional FVPSA dollars through the state to support the work of your coalition? yes no

If so, what do those dollars support, e.g., training and TA, support of a statewide data collection system?

Coalition Members

Number of Organizational Members

Type of Service Provider	Government Agency	Culturally-specific Program	Tribal-specific	All Others	TOTAL
Domestic Violence Service Providers					
SA/DV Dual Service Providers					
Sexual Assault Service Providers or Rape Crisis Centers					
Other Victim Service Providers					
Other Organizational Members					
TOTAL					

Total number of primary purpose domestic violence service providers in the state/territory _____

How many of the primary purpose domestic violence service providers are members of your coalition? _____

Coalition Performance Progress Report

Narrative Questions

1. Describe your progress during the reporting period in completing the activities described in your most recent application. This may be a work plan table or a narrative response. Note: If you report serving on a board, commission or other planning group (e.g. Governor's Commission on Domestic Violence, Criminal Justice coordinating Council, etc.) please briefly describe the coalition's participation in the group and identify the purpose of the group, body or commission and what it accomplished during the reporting period.
2. Please write a success story about your coalition's work during the reporting period that is ready for publication on the ACF website.
3. What are the top areas in which other coalitions or national audiences look to your coalition as a leader, unique expert or innovator? (optional)
4. What other state coalitions do you look to as experts or leaders on a specific topic? Identify the coalition and the topic. (optional)
5. What other things regarding your work would you like the FVPSA office to know? (optional)
